

Samuel Meredith — Web Designer

Full Website Copy Draft

HOME PAGE

Hero Section

Headline: websites that work as hard as you do

Subheadline: I'm Samuel — a Central Coast web designer helping local businesses, tradies, and personal brands get online with a site they're actually proud of.

CTA Button: Let's talk about your project →

Trust Bar (below hero)

Small text / logos row

Helping businesses across the Central Coast — from Gosford to Terrigal, The Entrance to Woy Woy.

"Who I Help" Section

Section Heading: Built for people who are brilliant at what they do — not web design.

Body: Whether you're a tradie who needs a site that wins jobs, a small business wanting to look more professional online, or a personal brand ready to put yourself out there — I make the whole process easy, affordable, and actually kind of enjoyable.

No tech jargon. No hidden fees. Just a clean, fast website that represents you well.

Three columns:

 **Tradies & Service Providers** Plumbers, electricians, builders, landscapers — I'll get you online with a site that shows up on Google and turns visitors into calls.

 **Small Local Businesses** Cafés, salons, health practitioners, retailers — your website should reflect the quality of your business. Let's make sure it does.

 **Personal Brands & Creators** Photographers, coaches, freelancers — your site is your first impression. Let's make it count.

Services Snapshot Section

Section Heading: What I can do for you

Brief service tiles (linking to full Services page):

- Landing Pages — from \$699
- Website Redesigns — from \$1,200
- SEO — from \$499
- Logo & Branding — from \$299
- Website Care Plans — from \$99/month

CTA: See all services →

About Snippet Section

Heading: A real person, not an agency

Body: I'm a one-person studio based on the Central Coast. That means when you work with me, you deal with me — start to finish. No being passed around, no surprises. Just honest work, clear communication, and a result you'll love.

CTA: A bit more about me →

Contact Teaser / Final CTA Section

Heading: Ready to get started?

Body: Got a project in mind, or just not sure where to begin? Either way, drop me a message. I'm happy to have a no-pressure chat about what you need.

CTA Button: Get in touch →

SERVICES PAGE

Page Header

Heading: Simple, honest services. No fluff.

Subheading: Here's what I offer and what you can expect to pay. Every project is a little different, so if you want a more specific quote, just get in touch — I'm always happy to chat it through.

Service 1 — Landing Pages

Heading: Landing Pages **Price:** From \$699

Description: Sometimes one page is all you need. A landing page is a single, focused page designed to do one thing well — whether that's capturing leads, promoting a service, or driving people to get in touch.

Perfect for tradies who just need a professional presence, businesses running a campaign, or anyone who wants to test the waters without committing to a full website.

What's included:

- Clean, custom design
- Mobile-friendly layout
- Contact form
- Basic SEO setup (so Google can find you)
- Fast load times

Service 2 — Website Redesigns

Heading: Website Redesigns **Price:** From \$1,200

Description: Got a website that's embarrassing to hand out? You're not alone. A lot of small businesses are working with sites built five years ago that look it. A redesign can completely transform how people perceive your business — without starting from scratch.

I'll take what you have, figure out what's working and what isn't, and rebuild it into something you're genuinely proud to share.

What's included:

- Full visual refresh (up to 5 pages)
- Updated layout and structure
- Mobile optimisation
- Improved page speed
- Carry over your existing content (or I can help you update it)

Service 3 — SEO

Heading: Search Engine Optimisation (SEO) **Price:** From \$499

Description: A beautiful website doesn't do much if no one can find it. SEO is how you show up when people in your area search for what you do — and for local businesses, that's everything.

I keep it straightforward. No confusing reports, no empty promises. Just the practical stuff that actually moves the needle for small businesses and local services.

What's included:

- Keyword research tailored to your business
 - On-page SEO (titles, descriptions, headings, image tags)
 - Google Business Profile setup or optimisation
 - Basic technical SEO audit and fixes
 - Guidance on what to do next
-

Service 4 — Logo & Basic Branding

Heading: Logo & Basic Branding **Price:** From \$299

Description: Your logo is often the first thing people see. It doesn't need to be complicated — it just needs to look intentional, professional, and like *you*.

I offer simple, clean branding packages for businesses just starting out or those who've been operating without a proper visual identity. Nothing overly complex — just a solid foundation to build on.

What's included:

- 2–3 logo concepts to choose from
 - Your chosen colour palette
 - Font pairing recommendation
 - Final files in all formats you'll need (PNG, SVG, PDF)
-

Service 5 — Website Care Plans

Heading: Website Care Plans **Price:** From \$99/month

Description: Websites need a little love to stay in good shape. Plugins update, things break, and small changes come up more often than you'd think. A care plan means you never have to worry about it — I handle all the behind-the-scenes stuff so your site keeps running smoothly.

Great for any business that wants peace of mind without having to think about it.

What's included:

- Regular software and plugin updates
 - Security monitoring
 - Monthly backups
 - Minor content edits (text, images, opening hours, etc.)
 - Priority response if something goes wrong
-

Custom Projects

Heading: Need something a bit different?

Body: Not every project fits neatly into a package — and that's totally fine. If you need something more custom, have a bigger project in mind, or just want to talk through your options, reach out and we'll figure out what makes sense for you.

CTA: Get a custom quote →

PORTFOLIO PAGE

Page Header

Heading: Some of my work

Subheading: I'm always building. Here's a look at some recent projects — each one different, each one built with the client's goals front and centre.

(Note for Samuel: Even 2–3 projects is plenty to start. Consider adding a brief note under each — the client's problem, what you built, and the outcome. That context sells way better than just a screenshot.)

Project Card Template

Project Name / Client Type *e.g. Local Electrician — Landing Page*

Brief description (2–3 lines): [Client] needed a simple, professional online presence that showed up in local searches and made it easy for customers to get in touch. I built a clean one-page site with a clear call to action and basic SEO setup.

Tags: Landing Page · WordPress · SEO

Bottom CTA

Heading: Want to see more, or talk through your own project?

Body: I'm always happy to share more about my process or chat through what your site could look like.

CTA: Get in touch →

ABOUT PAGE

Page Header

Heading: Hey, I'm Samuel.

Subheading: Web designer. Central Coast local. Genuinely happy to help.

Main Body

I started building websites because I love the moment when someone sees their new site for the first time and it actually looks like *them* — when it feels right, works well, and makes them proud to hand out their URL.

I'm based on the Central Coast and I work mostly with local businesses, tradies, and personal brands who need a quality website without the agency price tag or the runaround.

When you work with me, you're not dealing with a big team or an account manager. It's just me — which means clear communication, honest timelines, and a finished product I stand behind.

I build with WordPress, Shopify, and custom HTML/CSS/JavaScript depending on what the project actually needs — not just whatever's easiest. I care about things like fast load times, mobile layouts, and making sure your site can actually be found on Google, because a good-looking site that doesn't perform isn't really doing its job.

I'm not the flashiest option out there, and I'm not trying to be. I just do good work, keep things simple, and make sure you know what's happening every step of the way.

Values / How I work section

Heading: How I work

Honest — I'll tell you what you actually need, not upsell you on things you don't.

Clear — No confusing jargon. You'll always know where your project is at.

Local — I'm right here on the Central Coast. A real person you can actually talk to.

Affordable — Quality work doesn't have to cost a fortune. I keep my prices fair.

CTA

Heading: Want to work together?

Body: Whether you've got a clear brief or just a rough idea, I'm happy to have a chat and help you figure out the best path forward.

CTA Button: Send me a message →

CONTACT PAGE

Page Header

Heading: Let's talk

Subheading: Got a project in mind? Not sure where to start? Either way, fill in the form below and I'll get back to you within one business day. No pressure, no sales pitch — just a friendly chat about what you need.
